Introductory

The present volume for the year 1949 is the seventy-first edition of Henderson's Directory of Winnipeg, the first being published in 1878.

THE STREET AND AVENUE GUIDE gives the names of all streets and avenues arranged alphabetically, showing the location, number on the street and name of the occupant. The intersecting streets are shown in the order that they come.

❖ Indicates there is a Telephone at that number.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations commences on page 337.

THE CLASSIFIED BUSINESS DIRECTORY at the back of the Book exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING WINNIPEG

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city, the publishers have placed copies of this issue of the directory in libraries across the country where they are readily available for reference use by the public. There they serve as perpetual advertisements of Winnipeg, for business men the country over realize that the City Directory represents the community as it really is.

POPULATION OF GREATER WINNIPEG, 361,518

The Directory estimate of population is based on the actual number of individuals' names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Winnipeg Directory covers considerable territory beyond, but tributary to, the city limits, which is canvassed in order that the names of all people employed or who purchase in Winnipeg may be obtained.

Respectfully, The Publishers,

HENDERSON DIRECTORIES LIMITED.

February, 1949.

PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES LIMITED,
PUBLISHERS.

City of Winnipeg

HISTORY

The above is a fac-simile of the City Seal, adopted by Council, June 1st, 1874. The motto of which is "Commerce, Prudence, Industry." The significance of the emblazonry thereon may be described as follows:—

The Buffalo, the hardy, fearless, nomadic monarch of the plains, who had original possession and held sway where the City of Winnipeg now stands.

The Engine, the civilizing of man's ingenuity, displaced the buffalo, was the forerunner of prosperity, and is the means of social and commercial communication which the City enjoys with the world.

The Sheaves of Grain represent the source from which the prosperity of this City emanated and are emblematic of our City as the Gateway of the Golden West and as the greatest grain centre in the world.

The City of Winnipeg is the capital of the Province of Manitoba, and the Provincial Legislative Building and Grounds among the most beautiful on the continent.

The name WINNIPEG has the origin in the Indian Cree name given to the lake 40 miles north, meaning "Win" muddy; "nipee," water.

Winnipeg is situated in Latitude 49° 54' N Longitude 97° 08' W., at the confluence of the Red and Assiniboine Rivers, 40 miles south of Lake Winnipeg and 60 miles north of the boundary lines between Canada and the United States of America; almost midway between the Atlantic and Pacific Oceans and at an altitude of 780 feet above the seaboard level of New York.

It is the railway centre of Canada with all lines passing through it having workshops capable of manufacturing or maintaining all types of equipment.

Staverson's Airport located in the adjacent municipality of St. James and only fifteen minutes from downtown Winnipeg has been called the "Air Crossroads of the Continent." Developed to handle the largest and heaviest types of transports it takes its place among leading airports.

From a Hudsons Bay trading post (Fort Garry) in 1870 with a population of 215, Winnipeg has grown to the size and finish of a first-class city of 361,516 people. When the City was incorporated in 1873 there were 1,869 inhabitants. In 1873 steam railway connection from St. Paul, Minn., had reached a point just across the river from Winnipeg, and in 1881 railway communication from the east was established by the Canadian Pacific Railway. With the advent of railway connections a steady stream of travel and trade, with influx of population was started and has resulted in the building up of a city of a size and importance that is exceeded by only two cities in the Dominion of Canada.

STATISTICS

Winnipeg is the greatest grain centre on the American continent, and the financial, commercial, wholesale and manufacturing centre of the middle west. Owing to its geographical position, its very complete railway facilities, with branches reaching out in every direction it affords great possibilities for trade in the provinces and the Northwest, and an inducement for the establishment of manufacturing and other industries. In addition to the many other advantages, Winnipeg supplies through its Municipal Hydro Electric system, the cheapest electric power of any city in America. The soft water supply, by a 90 mile aqueduct from Shoal Lake is adequate for the needs of a City of one million.

Three large steam plants supply clean trouble-free central heat for thousands of homes and businesses.

Lake Winnipeg Goldeye and Lake Winnipeg Whitefish are exported by air to American Markets to satisfy the appetite of gourmands who delight in their delicacy and fine flavor.

CIVIC GOVERNMENT

The Council is composed of a Mayor and eighteen aldermen. The Mayor is elected every two years from a vote of the entire City. Three aldermen are elected annually from each of the three wards into which the City is divided and hold office for a term of two years. By provisions of the Winnipeg Charter only those persons whose names appear on the last revised list of electors and who are natural born or naturalized subjects of His Majesty and of the full age of 21 years, able to read and write who are resident within the City, and who have such other qualifications as the Council may fix by by-law and are not subject to any disqualifications under the Charter, shall be eligible for election as Mayor or Alderman.

Winnipeg has 70 public schools, with an attendance of over 40,000; 6 colleges, the Provincial Agricultural College, the University of Manitoba; art gallery; bureau of arts and arts museum; permanent exposition of products manufactured in the city; Public Library with 3 branches and 26 juvenile branches,

a large auditorium and Concert Hall; a flood-lit stadium and an Amphitheatre with artificial ice equipment.

The Public Schools are under the control and supervision of the Board of School Trustees, composed of fifteen members, five for each of the three wards.

The police Department is administered by a board of police commissioners, which consists of the mayor, the Senior County Court Judge, the police Magistrate and two members of the City Council appointed annually.

PUBLIC PARKS

There are 79 public parks and squares in Winnipeg, with a total area of 1,078.94 acres. These, with the exception of Assiniboine, Kildonan, St. Vital, and Wildwood Parks, and the two Golf Courses, are located within the city limits, or close thereto, so as to afford open-air space and recreation grounds easily accessible to the citizens.

The Public Parks of the City are placed under the control and supervision of a Public Parks Board, composed of the Mayor seven other members of the City Council, and also six rate-payers appointed by the Council.

LIBRARIES

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY Every Time It is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but One Subscriber to the City Directory—the One Subscriber would of necessity have to absorb The Whole Cost.

If there were 1000 Subscribers—each one would have to absorb 1/1000 Part of the Whole Cost.

From which it is obvious that the Greater the number of subscribers—the Lesser the cost to each.

Every time you loan your City Directory the Less Necessity There is for the Borrower to subscribe for the Service.

More Borrowers result in Fewer Subscribers, which means Increased Cost.

HENDERSON DIRECTORIES LTD.

HENDERSON'S

Winnipeg

Streets and Avenues

1949

This section is presented in condensed form. Full information will be found in the Alphabetical Directory.

AVENUES generally run East and West and are numbered under 200 East of Main Street, Main to Princess 200 to 300, West of Princess 300 and upwards.

STREETS generally North and South are numbered from the Assiniboine River as a base Northwards, and again from Notre Dame as a base northwards.

Odd Numbers are generally on the north side of Avenues and east side of Streets.

Even Numbers are generally on the South side of Avenues and west side of Streets.

◆ This symbol indicates that a telephone is located at this number on the street.
